Plenary Session of the Division IV

The Plenary Session of the Division IV – Technical Sciences of the Polish Academy of Sciences was held on November 17th, 2005.

It has been a great tradition of the Division IV of Technical Sciences to recognize the outstanding achievements of young scientists with several awards related to various fields of technology. The awarded candidates have to satisfy the requirements specified in suitable regulations. In 2005 the Scientific Award Fund of the Division IV was sup-

ported by the well known international Siemens company which significantly augmented the status of the Awards. The list of awarded candidates was approved. The solemn ceremony of rewarding the candidates will take place on December 21, 2005. The list of awarded winners and the brief description of their achievements will be presented in the first number of the Bulletin (2006).

During the Session Professor Andrzej Styczek was approved as Deputy Chairman of the Division IV. Professor A. Styczek has started fulfilling his duties since 1th November, 2005.
